Fund Name	Financial Year End	Gross Distribution (RM/Unit)	Dividend Yield (based on Net Asset Value per unit on 20 February 2018)	Type of Distribution
Eastspring Investments Dana al-Ilham	31 March	0.0375	5.00%	Incidental
Eastspring Investments Dana al-Islah	31 March	0.0298	4.00%	Annual

All unit holders who have maintained their unit holdings in the Funds as at 23 March 2018 will be entitled to the income distribution.

“In 2018, there are many reasons to remain positive on the outlook for the Malaysian market. GDP growth will continue to be robust driven by strong external trade, rising commodity prices, and higher fiscal spending. Domestic consumption too is likely to be one of the main growth engines.” says Rudie Chan, Chief Investment Officer.

“The Malaysian Ringgit, despite the recent strengthening, remains very undervalued and this will continue to attract foreign fund flows into the market. Malaysia is still very much under owned by international investors despite the net foreign inflow we saw in 2017.” says Chan.
